SUPPORTING ALL OF YOUR NEEDS. **INDUSTRY BY INDUSTRY.**

FOOD PRODUCTION

Keep a smooth and continuous production line going with well engineered solutions such as flow meters and endless amounts of stainless steel pipework.

AGRICULTURE

Effortlessly maintain essential agricultural equipment and allow work to continue long into the night. Rely on our products to support the tough environment of agriculture.

IRRIGATION

Feel assured that with our support you can maintain a controlled supply of water, whether it be through misting, sprinklers or even green house solutions.

DEFENCE & AEROSPACE

Protect your business by using a supplier like ourselves who has worked with the Defence and Aerospace industry for years. Rely on expertise to support you.

MARINE, OFFSHORE & SUB-SEA

Aboard the ship or out at sea our experience working with customers in this industry allows us to step up and provide a variety of solutions.

GEOTECHNICAL, MINING & PILING

While you may be digging down, we will dig in. From off the shelf items to large bespoke design systems, we'll always work hard to help you.

MANUFACTURING

Trust that with the support of our expert engineers we can help you keep and maintain the smooth running of production lines, we understand the importance.

AUTOMOTIVE

There's no end to the products and services we can offer the Automotive industry to help keep you moving, rely on us to be there when you need it most.

RAIL

Stay on track with help from our team. From bespoke power pack requirements to reels of hydraulic hose, receive a service that won't leave you looking back.

SUPPORTING ALL OF YOUR NEEDS. **INDUSTRY BY INDUSTRY.**

RENEWABLE ENERGY

Maintain a well kept plant with assistance from our expert engineers and bespoke product sourcing team, delivering power to you with our dedication to help.

CONSTRUCTION

Focused on building strong relationships with our customers it's important to know you can just call us. Whether in need of a brand new ram or a repair - just call.

FORESTRY

Lets cut to the chase and work together to find solutions with the power to get the job done. From log splitter kits to power packs, no task is too big or too small.

OIL & GAS

Feel empowered when working with our team as we promise to provide only the best. Through our products and services we will help you deliver power to the people.

TRANSPORT

Move your goods with confidence knowing you can deliver with ease at your chosen destination. There is nothing worse than a little hiccup at the final hurdle.

PHARMACEUTICAL

When precision matters, work with us to supply only the best products and service, because nothing less will do.

COMPLETE ENGINEERING SOLUTIONS. DELIVERED WITH CARE.

ACCUMULATORS

Piston accumulators, bladder accumulators or diaphragm accumulators - no matter the type, we can help you with all kinds of accumulators. We can also support requirements for custom built accumulators to suit all applications.

HYDRAULIC HOSES

Our team are highly experienced in making custom built hose assemblies with only the best fittings. All of our hydraulic hose assemblies are logged into our assembly record, making them easily traceable should another be required in the future. Simply call us with the number and we can make a replacement within the hour!

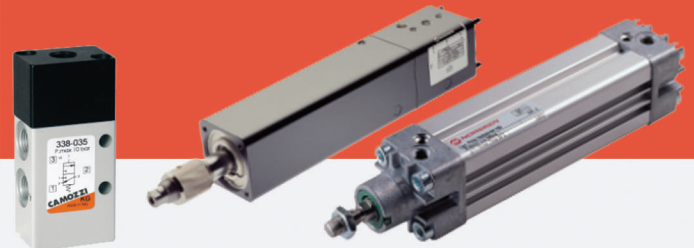

HYDRAULIC CYLINDERS & VALVES

Proud to be done in house, our engineers can build, repair and test cylinders from our own facilities based in the West Midlands. As well as offering custom built cylinders we can also support your search for parts you may require in relation to any existing cylinders.

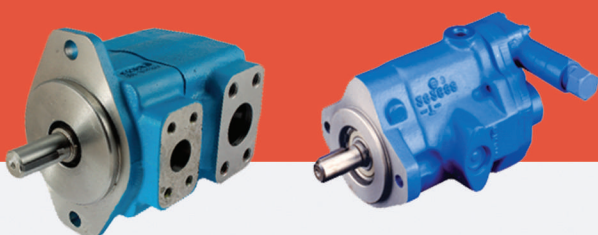

PNEUMATIC CYLINDERS & VALVES

Our team are well experience in sourcing the right pneumatic cylinders and valves for the job. We're delighted to be able to offer our bespoke pneumatic cylinder service for all applications as well as supplying & sourcing off the shelf cylinders and valves.

HYDRAULIC PUMPS

Working with an array of industry leading pump manufacturers such as Oilgear, Bieri, Eaton Vickers and Bosch Rexroth we are proud to be able to provide & source pumps specific to your needs.

PROCESS PUMPS

Whether in need of a brand new process pump or simply looking to repair your old one, we are proud to be able to offer a selection of highly rated pumps from world renowned brands such as Graco, Lowara Calpeda and Caprari.

COMPLETE ENGINEERING SOLUTIONS. DELIVERED WITH CARE.

HYDRAULIC OIL COOLERS

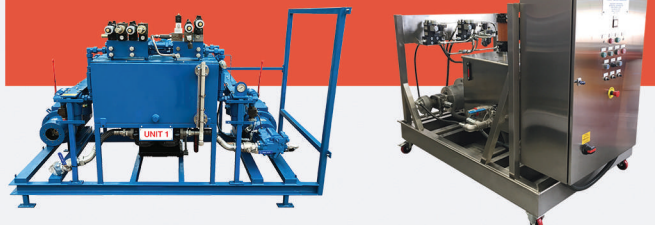

Our team have the capacity to support with the supply of off the shelf hydraulic oil coolers from renowned brands such as Parker and Bowman or we can source any make and type of coolers and heat exchangers. Whether a water or air cooling system is preferred we can help.

POWER PACKS

Years of experience mean we can offer advice about the types of hydraulic systems required or we can simply help with the supply of new or replacement parts. We can help with complete overhauls too!

Need something more bespoke? Our engineers can also design & build bespoke solutions.

ELECTRIC ACTUATORS

In need of an electric actuator that you can rely on? We are proud to work with the market leaders in actuating and flow control, Rotork. Our team can assist you in the supply of these electric actuators, hassle free with aftersales support that is second to none.

HYDRAULIC OIL

Oil is at the heart of what we do and we are pleased to be able to support industries with the specific oil required by each and every one, including Agriculture, Automotive, Commercial, Industrial Off Highway & Plant as well as those that need Bio-degradable and food grade oils.

BEARINGS & TRANSMISSION

We're proud to be able to supply you with all of your bearings and transmission needs, whether you're looking for belts, linear bearings, rotary bearings, lubrication or much more we have the accessibility and knowhow in the industry to help.

INDUSTRIAL HOSE

You might be looking for a particular brand or maybe just our advice about the type of industrial hose that's best for your industry and application. Whether it's for use in the Automotive industry or you need it for use with chemicals, we will be able to help you find what you need.

COMPLETE ENGINEERING SOLUTIONS. DELIVERED WITH CARE.

PROCESS VALVES

When you're needing to control the flow of fluids it's important to have the valves for the job. Whether you need us to help identify the part you need or simply order your replacement valves, we'll be guided by you as to the support you need.

HYDRAULIC VALVES

From directional control valves to pressure control valves and even flow control valves, if it's something you need, we'll help you source it and then we will get it to you for when you need it. Working with world leading brands such as Parker, Rexroth and Eaton means we can offer the best.

HYDRAULIC TOOLING

For high pressure hydraulic equipment that ranges from 700 to 4000 bar, we've got you covered. You might know the brand you like or you might want some advice from our experienced team, whatever your preference we're here to help.

BESPOKE PRODUCT SOURCING

If hassle free is what you need then look no further than our Bespoke Product Sourcing team. Whether you need one off items or multiple items for new and ongoing projects, we will help you find what you need.

CATALOGUE PRODUCTS

Our catalogue offers access to over 60,000 products from hydraulic fittings and adapters, valves, tools, hose, tubing, ring main systems and much much more.

REQUEST A CATALOGUE

We understand that sometimes a good old fashioned catalogue is all you need. For a copy of our physical catalogue give us a call on 01926 642071 or email us on sales@christyhydraulics.co.uk and we will arrange for one to be sent straight to you.
